Subject: RE: Region 6 contacts re: water wells
Date: Friday, September 8, 2017 8:47:42 AM

Good morning folks,

To capture the outcome of Dr. Ritter's and my discussion yesterday late afternoon, I am including the following.

- The total coliform analysis cannot be done under ESF8.
- There may be some funds available in 2 weeks or so that can be used but there are other interests as well.
- EPA maintains interest in working with the CDC on private domestic drinking water wells.

Thanks.

Taim.

Troy,

Now you have email addresses for the group working the private well effort.

Look forward to working this issue with you!
